Light station, 31 October, 5-7:30, at the church porch

In previous years, we have given out hot chocolate, booklets about our hope in Jesus, and glow sticks to passing by trick-or-treaters. This year looks a little different! Instead we have created a light station, featuring our collaborative poster coloured in by several families and young people - as well as some extra exciting crafts! - for you to walk past, look at, and see. Our light station will be in the church porch for you to enjoy 5-7:30pm, 31 Oct. We hope to communicate to those around us the sure hope we have in the light and life of Jesus Christ. Come along and see!

The Remembering Season

Our **Time to Remember service** will be held on **Sunday 1 November, 4pm**, in church. It will also be livestreamed. If you would like to attend in person there is no need to book. You are very welcome to come and lay flowers in the small garden of Remembrance during the service itself or prior to the service, anytime from 11.30am onwards when the church will be open. If you would like the name of a loved one read out, then please email [Nick](#).

On **Remembrance Sunday (8 November)** we will be holding a Remembrance Service at 11.05am preceded by the Act of Remembrance at the war memorial at 10.55am. The act of Remembrance and the service will be livestreamed only. Due to recent government announcements we can no longer hold Sunday services in church. Regrettably, we also cannot allow people to gather at the war memorial on Remembrance Sunday.

Net zero carbon heating in church

Can you help St Andrew's Church with a very significant practical project as part of our response to the Climate Emergency? Along with the Church of England the PCC are committed to achieving zero net carbon emissions in the use of energy by the year 2030. The work towards this is being steered by our Fabric Committee. The current heating systems of the church are major challenges to getting to our goal. They consist of an elderly traditional gas boiler, electric pumps and blower heaters. Preliminary conversations with energy consultants suggest we need to consider a range of schemes potentially incorporating ground-source heat pumps as well as photo-voltaic roof panels. We have had initial proposals from a number of local firms and want to move forward and appoint one to work with us. Are you interested in being part of the St Andrew's team to shape this project? We would be very interested to hear from you whether you have specific experience to offer or are simply committed to doing something towards protecting the planet! Next Sunday (8 November) is Remembrance Sunday. There will be an 8am Holy Communion service (BCP, livestreamed only), Zoom Church at 10am (email Hannah for the link), an Act of Remembrance at the war memorial at 10.55am, followed by our Remembrance Service at 11.05am (livestreamed only) and a Taizé service at 5.30pm (livestreamed only).
